Dear Sir or Madam,

Ian worked for Anneler Gee Ltd on a part time basis from 2001 to 2003 as a Graphic Design Assistant. During that time, Ian proved himself to be a reliable and conscientious member of the team. He took responsibility for all the graphics and designs used by the company and produced consistent and imaginative work of a high standard. His graphics experience at the company included web design, web images, document images, document design, logos, brochures and also stock library images. I would be very happy to act as a reference for him and wish him all the best in his endeavours.

Yours faithfully

David Gee
Director
Anneler Gee Ltd.

Additional Information

I have a high level of experience and knowledge in hands on processes such as screen print, lino print and photography (digital and process).

Digitally, I am very experienced in Photoshop, Dreamweaver and Quark, and have a good level of knowledge in Indesign, Flash, and Illustrator. I have basic knowledge in action script and php/mysql, but am always learning and developing these skills.

I take much care and pride in presentation, layout and typography, and have a good eye for detail.

Generally, I am very enthusiastic about my work, and design in general.

I am a hard worker, keep to deadlines, have a good understanding of briefs and can work well on my own or as part of a team, as a leader or taking more of a backseat. I have the desire to achieve high standards and to produce work to the best of my ability, whilst always learning and applying fresh ideas to my work.

I have a full, clean driving licence, a British passport and no criminal convictions.
